Subject: Re: Annual Meeting Presentations

I plan to cover on behalf of the Tree Committee four matters in the Annual Meeting Presentation. I anticipate needing about 10 to 12 minutes for the presentation. The matters are:

1. The operation of the newly established Tree Ordinance Board.
2. The enhanced tree planting program for Village rights of way, parks, and buffer areas (45 trees each in the spring and fall for 2012 and 2013 or 180 trees in total), including plans for Connecticut Avenue.
3. The ongoing effort to compile a tree inventory of Village trees in public rights of way (including size, location, species and condition) to enable the Village to assess tree planting needs currently and to facilitate future tree planting.
4. The effort to develop a longer term tree plan to facilitate earlier feedback from residents as to planting proposals.
